(Bangalore India).

GEN. & REV. SECRETARIAT, 4 DEC. 1926 DEVELOPMENT BRANCH. 3387

To

The Secretary to Government,
Development Departments,
Bangalore.

SIR,

With reference to Government Order No.1446-7/I&C 26-25-4 dated the 29th.August 1925 sanctioning the appointment of Mr. A.V.Raghavachar as Assistant Superintendent in the Central Industrial Workshop on probation for one year, and to Government Order No.IC.3120-22/I&C 26-25-13 dated 7th. Novr. 1925 treating him as a Gazetted Officer, I have the honour to state that Mr. Raghavachar joined duty on the 8th. September 1925 and the period of his probation ended on the 7th. September 1926

I enclose for the information of Government, extracts from the Industrial Engineer's letter No.nil dated 6th.September 1926 furnishing his opinion about the work of this officer. He believes that Mr.Raghavachar by his qualifications will be an acquisition to the College of Engineering. I agree with the Industrial Engineer in this view as I find that by temparament, Mr.Raghavachar is better suited for service in the tutorial line. The Industrial Engineer states that he will submit proposals for a reorganisation of the Central Industrial Workshop wherein he will take up the question of a proper Assistant to him in the Central Industrial Workshop.

I therefore recommend that arrangements may be kindly made to transfer him to the College of Engineering at an early date. Meanwhile sanction of Government may be obtained to extend the probationary period by six months from 7th. September 1926.

Early sanction to his continuance in the Central Industrial Workshop/

Workshop may be kindly obtained and communicated to me and also to Comptroller.

I have the honour to be,

Sir,

Your most obedient servant,

Offg. Director.

Letter dated 6-9-1926 from the Industrial Engineer, C.I. Workshop, to the Director of Industries and Commerce, Bangalore.

The present incumbent is a clever man theoretically but in practice he is slow. He is not quite able to relieve me of some portion of the office work. He is doing his best with the best of intentions and that is not up to our demand.

I strongly believe that he will be an acquisition to the College of Engineering, as he is an M.Sc. of Manchester. There are men in the College who are drafted from the Department of Public Works whose qualifications are meagre. He can easily replace any of them to the best advantage of the College. This suggestion may kindly be given effect to at once.
